Re: Master Fee Schedule

Dear President Kepple and Members of City Council,

The following legislation will amend the Administrative Code and the Business Code of the Lakewood Codified Ordinances to move reference to all fees within those provisions to the Master Fee Schedule. As you recall, in 2024, legislation was introduced that moved all of the Division of Building and Housing Fees into a newly created Master Fee Schedule. The Administration is working toward the goal of eventually setting forth all of the City's fees in a Master Fee Schedule for ready access by our employees and the public.

Please refer the attached items to the appropriate committee for further discussion and consideration. It will be important to adopt both pieces of legislation simultaneously so as not to create a gap in any collection of fees.

Respectfully submitted,

Ernest Vargo

A RESOLUTION to take effect immediately provided it receives the affirmative vote of at least two-thirds of the members of Council, or otherwise to take effect at the earliest period allowed by law, to establish the Master Fee Schedule by incorporating fees from Part One, Title Five-Administrative Code and Part Seven- Business Regulation Code of the Lakewood Codified Ordinances and superseding all prior fees established that are included in this Resolution.

WHEREAS, desire has been expressed to establish one Master Fee Schedule for all fees charged by the City of Lakewood for ease in locating the fees as well as having one document to review and amend periodically rather than reviewing fees piecemeal throughout the City; and

WHEREAS, amending the entire code at once is not feasible as to the number of amendments that would be necessary; and

WHEREAS, in order to implement a Master Fee Schedule, all of the administrative fees contained in Part One, Title Five-Administrative Code, business regulation fees contained in Part Seven-Business Regulation Code and street and sewer related fees contained in Chapter 901, Streets and Sewers have been separated out with the intent of adding other sections of the Code in the future; and

WHEREAS, as set forth in Section 2.12 of the Third Amended Charter of the City of Lakewood, this Council by a vote of at least two thirds of its members determines that this ordinance is an emergency measure and that it shall take effect immediately, and that it is necessary for the immediate preservation of the public property, health, and safety and to provide for the usual daily operation of municipal departments; now, therefore
